RE : Jewelry Loan Discount and Bakuna Discount

Date : August 11, 2021

---

There are questions regarding how much the discount is for jewelry loan applications. This is to clarify that all team members qualified for jewelry loan are entitled to a 30% discount on their desired items. Those who have applied for jewelry loans since late 2020 have already been given the 30% discount.

In line with our Bakuna for Gold Promo, an additional discount of 5% will be given to team members who are vaccinated for Covid-19 upon submission of a picture of their vaccination card together with their letter for jewelry loan application. This is a one-item, one-time discount per team member and will only apply to those already qualified to avail of jewelry loans. There is no time limit for claiming this one-time discount.

Please approach M'Ira for concerns and questions.

Thank you!
