Hi SJI Team.

As practiced that all forfeiture LAP items need to seek an advice from the SC personnel to check if items can be displayed in the showcase.

With this we conducted checking of outstanding LAP items in all outlets. As per result only 7 items were not yet recoded.

These are the following outlets:

- **IGC** – stock code
ZAMH-N2WW-S9LO-0001 with selling price at 33,060.
- **ZBV** – stock code
ZADC-NYWW-S90P-0122 with selling price at 8,850.
- **BMP** – stock codes
ZADC-B3WW-S9U3-0212 with selling price at 3,530.
ZADC-NYWW-S947-0181 with selling price at 5,370.
ZAJN-B2ZG-S9Z7-0001 with selling price at 28,710.
ZAJN-EYWW-S1F0-0010 with selling price at 10,530.
ZAJN-NYWW-S92F-0169 with selling price at 10,640.

Therefore, we are happy to inform you that all forfeiture LAP items can automatically be displayed in the showcase without the advice from the SC personnel if item/s can be displayed except for the 7 items were mentioned above that needs to be transferred out for Supply Chain Zamboanga for recoding.

Please be guided accordingly.

Thank you so much.
