RE: JSCM and SMI Parallel Test

CC: ACCTG, AUDIT, MIS, HR

Good Day!

With the new system being tested, we would like to inform everyone that effective February 21, 2022 (Monday), we will start with the parallel test of both JSCM and SMI.

With this, all ECs are advised to encode all transactions both in the JSCM and SMI.

Also, for items bought for cash and or fully paid LAP, both tags (JSCM tag and SMI tag) should be attached to the OR.

This shall apply to all stores who have been included in the orientation of SMI.

For any concerns or clarifications, you can contact Ma'am Weng Santiago (NMS) at 0917 104 279 or email her at sophia.nmsantiago@gmail.com.

Thank you everyone and stay safe.
